All they request is our supplying them space in one of our buildings for them to teach their classes.

The instructors will ask for donations from participants. The HVCA will not be responsible for monetary sponsorship. Karla said that she would send out flyers and arrange for the buildings when she is given the information.

Scholarship: Dennis reported that we need to completely rework the requirements of the scholarship. The present requirements are too vague and lead to confusion. It was also suggested that the application should be available on the website.

Dennis also suggested that he and Buddy meet with Diedra to implement some of her suggestions to the website. Dennis suggested that it might be time to look at updating all our websites....the HVCA, Surf Fishing Tournament, and Offshore Open. Buddy reported that it has been almost 10 years since the last update so it is time to make updates and changes.

There will be a number of celebrities in the field (authors, professional storytellers, and musicians) that have agreed to participate along with some local storytellers. Dennis asked for and got the board's permission to run the finances through our 501C3.

There was some discussion about painting a mural on the side of Buddy Foster's boat repair building. After several thoughts were tossed around, the Board decided to table the idea.

Dennis reported that there will be a Blue Grass Festival at the Civic Center on October 4. Proceeds will go to the Methodist Men.

There will be a Community Fair at the school on November 17th. The HVCA has been partitioned to be a sponsor. Karla reported that it was very successful last year. All money earned goes to the school. Bill moved that we give \$1000 to sponsor the event. Dan seconded the motion and it was unanimously approved by the Board.

Bill partitioned the Board for the left-over tee shirts from the surf fishing tournament. They will be used to raise money for people in Costa Rica. The unsold tee shirts will be donated there.
