Tax District Budget: Line descriptions and proposed amounts

Acquisitions:

- Line item amounts reflect rough estimates; very difficult to anticipate; however, not necessary to be exact
- Discussion to potentially raise to \$325,000, in case something comes up; basically, permission to spend money without needing a budget amendment down the road

Administrative:

- \$300 in bank charges, again, just in case

- Management:
 - What the Tax District pays the civic association for managing the properties
- Office Supplies:
 - haven't bought anything in a while
- Professional Fees:
 - paid last year for the audit; Ranking for consultation on parking lot
 - Proposed to raise because we will almost certainly need several new surveys for the parking lot project
- Telephone:
 - seems high, but that's because we've maintained WiFi at the buildings; good for events; also required by DMV
- Insurance:
 - Flood insurance at the maximum for both buildings
- Landscaping:
 - What we pay Dunville

- Payroll:
 - Jan: \$250/mo. (managing phone calls about building rentals)
 - Rosa Alice: \$320/week (managing the buildings)
 - Submits additional hours for the year in December; last year it was roughly \$2,000
 - Todd Ballance: \$300/week (maintenance on the buildings)
- Repairs:
 - Currently at \$40,000
 - Suggested that this be raised to \$65,000
 - Leak at the library will need to be fixed
 - Cedar Shakes at the Civic Center
 - New generator switch that automatically turns on the emergency power generator when the power goes out (part of our contract with the Post Office is that we will provide emergency power)
